

Covid 19 Considerations for KWRC RallyCross #2, June 20, 2020

The Covid-19 Pandemic has changed a lot of things in our lives and the sport of rally has to adapt. We've instituted the following procedures and guidelines to help keep you and your fellow club members as safe as possible. Please read them, sign and date at the bottom and drop this form in the paperwork box at registration.

Our intention is to meet or exceed the intent of government rules and guidelines on Covid-19. This being an outdoor event with no need for close interaction, the risks are a bit lower but still significant. This is new to all of us so we'll need to work together to operate under these constraints. We may need to make changes to our plans as things progress; that is the main reason for keeping this event to only KWRC members.

We will have a supply of hand sanitizer, disinfectant wipes and disposable gloves but everybody is encouraged to bring their own. We will not supply food or drinks, you should also bring your own supplies.

This event is for fun and figuring out how to run an event under the "new normal". We're limiting it to club members so we know everybody and can get feedback of what works and what doesn't.

Rules for everybody

- If you feel unwell, please don't attend the event.
- Use hand sanitizer frequently and disposable gloves when needed
- Wear a face mask whenever you are likely to be in contact with people, especially in the service area and around registration. We will have a supply of masks but please bring your own if you have them. These can be simple cloth masks, they don't need to be N95.
- Maintain the 2 meter social distancing rules.
- We will not be issuing wristbands for this event. We all know each other.
- As per provincial regulations, spectators are not allowed.
- Track washrooms will be open and we plan to use sanitizing spray on a regular basis.

For Competitors

Covid 19 Considerations for KWRC RallyCross #2, June 20, 2020

- Bring your own mask and wear it. Masks do not need to be worn while actually competing
- Print and sign all paperwork at home. Show the form to the registrar from a safe distance and state that they are your signatures, and then drop the paperwork in the bin provided. This will include the waivers, vehicle self declaration and this form. Please print the provided car number blanks and attach them to your car with your own tape. You can fill in the numbers with your own magic marker.
- All entries will be by MSR or Interact, no cash.
- Park service vehicles at least 2 meters apart.
- If you are sharing a car with someone you don't live with we'll run the first driver in the morning and the second in the afternoon to give you time to sanitize the car over the lunch break. If driver #1 breaks the car in the morning and it can't be fixed we'll give a refund to driver #2
- Only one person in the car at a time unless you live together.
- Sharing of helmets is prohibited except between family members. We will not have loaner helmets available.
- We will have recce in the morning for the first driver and in the afternoon for the second driver. Ideally we will run 15 cars in the morning and 15 in the afternoon but the distribution of entries will determine the actual split. The two sessions will be scored independently.
- If you are not competing in one session consider helping with the marshalling or flagging. Let us know if you can do that and we will be able to reduce the number of people we need on site.
- Provincial regulations prohibit spectators but you are allowed a small service crew, up to five people per car. Please keep that to a minimum, less people means less exposure.
- We're not providing food or drink, please bring your own.
- If you need a tow off the course let the tow vehicle operator attach & detach the strap to the tow point you use. Have the tow point visible. We're avoiding multiple people touching the strap.
- We're considering how to do awards, we may have the traditional plaques or just email you a certificate you can print at home. Here again, minimizing contact is the goal.

Covid 19 Considerations for KWRC RallyCross #2, June 20, 2020

- This event will not score points in our Rallycross series. We want to minimize the pressure to attend.
- Only club members as of May 18, 2020 can enter. A maximum of 30 competitors.

For workers

- Wear facemasks unless you are separated from everybody, i.e at a flagging station. Please bring your own but we will have a supply if you need one.
- Please print and sign the waiver at home, then show it at registration and deposit it in the bin provided.
- We hope to have a larger supply of flags so they don't have to be shared amongst workers. We'll have disinfectant wipes if needed.
- The reflective vests are washed and clean. After you pick one up at registration, keep it, it's yours. Put your name on it and bring it to the next event you work.
- Radio's will be sanitized and put in plastic bags. At the end of the day place the radio in the bin provided and we'll clean them for the next event. If you have your own handheld then please bring it. We'll try to have enough radios that you don't need to share.

I have read and agree to abide by these measures.
